Building favorable ecosystems for social economy in  
the Euro-Mediterranean region

diesis  
network

# Our Mission

Diesis Network aims at contributing to the **growth of social economy** in Europe and worldwide. Together with our members, we support the **development of social economy, social entrepreneurship and social innovation** by **sharing** knowledge through peer learning, capacity building, cross-sectorial and cross-country exchanges of good practices and research.

We see our community as an ecosystem of ecosystems supporting and empowering people worldwide and an economy that works for the People and the Planet.

# Some lessons learnt

- ✓ The importance of cooperation – building bridges and creating trust in the community
- ✓ The need / opportunity to learn from each other
- ✓ Sustainable social economy enterprises business models for long term vision
- ✓ All elements of the ecosystem must grow and develop organically
